Reasons for allowance

1. This communication is in response to applicant's 10/19/2005 Amendment in the application of Yun et al. for an "Apparatus and method for gating transmission of a data rate control channel in an HDR mobile communication system" filed 06/21/2001. This application claims foreign priority based on the applications 2000-34335 dated 06/21/2000, 2000-37457 dated 06/27/2000, 2000-38084 dated 07/04/2000 and 2000-45394 dated 07/27/2000 filed in Republic of Korea. The proposed amendment to the claims has been entered and made of record. Claims 7-14, 18-19, 22-35 and 37, 40 have been canceled per Applicant's request and claims 16-17 have been amended. Applicant's response with regard to the rejection are persuasive. The terminal disclaimer filed on 10/19/2005 disclaiming the terminal portion of any patent granted on this application which would extend beyond the expiration date of U.S. Patent No. 6,782,271 filed 06/27/2001 and issued 08/24/2004 has been reviewed and is accepted. The terminal disclaimer has been recorded.

2. Claims 1-6, 15-17, 20-21, 36, 38-39, 41-42 are allowable as evident by applicant's amendment (Claims are renumbered as 1-16 respectively).

3. The following is an examiner's statement of reasons for allowance: The instant application is deemed to be directed to a nonobvious improvement over the invention patented in closest prior arts of record. The improvement comprises the step of measuring part for measuring reception power of a reverse DRC (Data Rate Control) channel; a controller for

determining a slotting rate of the reverse DRC channel by comparing the measured reception power of the reverse DRC channel with a plurality of predetermined threshold values; and a channel transmitter for transmitting a signaling message including information indicating the determined slotting rate to an access terminal., as specifically recited in the claims.

4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
